Subject: Response from ORD/NERL re: Region 8 assistance for sediment modeling

Looks like Greg Sayles will be reaching out to the EOC w/ re: sediment modeling capabilities.

Take good care,

Patti

Hi Patti

Just to close the loop with you, I believe ORD can provide sediment modeling support. We have provided a write up to Greg Sayles and others which is currently under review. I believe the plan is that Greg will reach out to the EOC with the information describing potential ORD modeling support.

Thanks for your help!

Tim

Hi Tim,

Would ORD be available to provide sediment modeling assistance for the Gold King Mine release? Should this request go to you or Greg?

Thanks,

Patti
